### Plan to Meet GMS 2015-16 Contractual Requirement for Patient Online Service

This practice plans to offer the facility for patients to view online, export or print detailed coded information held in their own records from **31 March 2016**.

These dates are subject to the necessary NHS GP systems and software being available to the practice.

This practice currently offers the facility for patients:

- to book, view, amend, cancel and print appointments online
- to order online, view and print a list of their repeat prescriptions for drugs, medicines or appliances

We will publicise and promote our online services to our practice's patients through the practice website, practice waiting room leaflets, posters and the Patient Participation Group by **31 March 2016**.
